

Are you able to share the powerpoint from the bidder's conference?

- The slides are viewable in the video link at <https://www.delcoworks.org/>

Also, on p.6 of the ADW Proposal it states we will need a one-year budget however on it mentions it is a 2 year contract. Is this a mistake?

- This is not a mistake. DCWDB will award two-year contracts for Adult/Dislocated Career and Training Services. Annual budgets will be evaluated and negotiated on a one-year basis.

Should I include both programs in one proposal or separate them? Will I need to provide a separate budget as well for each program?

- For Career Services, each population (reentry, immigrants, general, etc) must be addressed in a separate proposal. For Training Services, all required training models (ITA, OJT, etc) must be addressed in a single proposal. An organization may submit more than one proposal. Each proposal must have a budget that covers the proposed activities.
- On the proposal cover letter the organization must identify the content in the proposal. Proposal Category: *(one category per the proposal, applicants may submit more than one proposal)*
